What are the costs?

VERY IMPORTANT PARTY!

We typically work with budgets between £5,000 – £40,000, keeping our client list small to ensure high-quality, bespoke experiences.

We can also manage smaller events, subject to availability — so it's always worth asking!

We quote for each booking individually, based on factors such as guest numbers, venue layout, location, event duration, and planning requirements.

As a general guide:

Smaller budgets might include walkabout performers, face painting, and immersive adventure shows.

Larger budgets can feature our staged pantomime, Santa's grotto, soft play areas and more for a fully immersive experience.

The Bedlam Bunch Pantomime

Every year, The Bedlam Bunch performs an original **pantomime**, packed with **audience participation**, clue-solving, **comic characters** and intergalactic emergencies!

2025: Mission Improbable

Bedlam Island is under attack. Decimal Dave wants a load of gold by tomorrow morning or he'll take over and use the land to plant calculator bushes. Silly Billy discovers an ancient treasure map and embarks on a mission with Pirate Peggy to find some long-lost loot. They can't read, have no sense of direction and they've forgotten the controls for the flying carpet... They might need the kids' help to get through this!!

Running time: 50 mins.

Suitable for kids aged 4 - 9 years.

Requirements:

Designated space with no noise leakage from nearby spaces and strictly no chatting parents!

Access to space at least 2 hours prior to start time.

Christmas Interactive Adventure Shows

Kids are part of the action in our immersive, theatrical adventure shows! **Solving clues, thwarting villains, exploring magical lands**, on their feet the whole way through in a race-against-time!

Including **games, puppets, magic, treasure-hunting & balloon-modelling!**

Detective Drigglestopper the Fourth
